

Down speed round town
Keyed up speed down
Get down come down
Speed down round town

Fast place fast pace
Lay the ace
In your face
Fast play fast lay
Lay an ace
In your face

Down town come down
Went to ground down town
Passed out came around
In time to see the sun down

Place the face
Face the place
Play your ace
In their face
Face the pace
Play an ace

Hang around down town
Get down come down
Get up slow down
Need to get the speed down

He's the one
Who never won
Never picking up
Never moving on
Looking for what's gone
Never in your face
Never played his ace
Downtown
Slowdown gone

In support of the twenty mile an hour speed limit in urban areas
