

There it is distracting me  
Stuck on you, you on me  
Cause actually its love  
Yes actually its love

I had some things to do  
None of them included you  
Some thing distracted me  
Actually distracted me  
What could it be?  
Actually its love

There it is distracting me  
Stuck on you, you on me  
Cause actually its love  
Yes actually its love

What say we fall halfway?  
Things don't work that way  
Some things have to be  
So let's treat it factually  
Actually it's love  
Yes actually its love

Stuck on you, you on me  
Cause actually its love  
Yes actually its love
